Vertical Lifting Clamp TJP - TJPU

Product information

For vertical lifting and transporting of (thin) sheet metal.

Features:

- Equipped with a special pivot which will adapt itself to the load of the clamp generating extra friction, eliminating the chance of slipping loads
- TJPU comes with an articulated lifting shackle for universal lifting flexibility at various angles
- TJP comes with a standard lifting shackle
- Standard equipped with a safety mechanism, ensuring the clamp does not VertiCal lifting slip when lifting force is applied and when load is being lowered
- The clamp is locked in closed as well as in open position
- Lightweight design for easy handling
- Tough quality heavy duty welded shell body
- Maintenance-friendly, easy to exchange parts which are available upon request
